2020 is a Census year. Participating in the census means getting counted to determine how much federal funding comes into our community and how congressional representation is determined. Between March 12 and 20, Lake County will receive a postcard invitation to respond online to the 2020 census. Those that don't answer will get a paper form in the mail. If you do not respond a census taker will knock on your door to collect data. We will help you do this. Info TBA

When logging your volunteer hours, please do so daily and put down the date you did your volunteer work. The county needs this more specific information. Thank you!

Anyone have an interest in starting a poker group? Let Kerri know.
