City Council Chambers

**ADA NOTICE**

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify the City of Willowick at 440-585-3700 at least three working days before the meeting.

**MINUTES**

**CALL MEETING TO ORDER**

The meeting was called to order at 6:30 p.m. by Council President Koudela.

**PLEDGE ALLEGIANCE**

**INVOCATION**

**ROLL CALL OF COUNCIL**

All members in attendance with the exception of Mr. Mohorcic.

**APPROVAL OF MINUTES**

1. Motion to approve the Minutes from the Regular Council Meeting of February 3, 2026.

**MOTION:** Mr. Malta motions to approve. Ms. Antosh second.

**ROLL CALL:** Ms. Koudela, yea. Ms. Antosh, yea. Ms. Bisbee, yea. Mr. Phares, yea. Mr. Malta, yea. Mr. McFarland, yea.

**APPOINTMENTS, SPECIAL RESOLUTIONS & PROCLAMATIONS**

**ADMINISTRATIVE APPEALS**

Ms. Koudela mentions that there are 5 for the same applicant. Everyone also received a letter form the applicant and the minutes.

No one in the audience is present for or against them. The applicant is not here tonight.

Ms. Bisbee says she read the minutes and the emails. With the new one, there is a new drawing of what the house would look like. Her feeling is that they should go before BZA again because everything has changed.

Mr. Phares says he thinks they have to wait 6 months.

The answer is no, not if there are substantial changes or no changes being made.

Ms. Koudela says if they continue with the same plan after denying these variances, they have to wait 6 months. If they make changes, they can be seen by BZA next month.

Mr. McFarland says that the first variance is going to come up no matter what they are coming up with. It's to build on the lot. He thinks that this is worth discussing and voting on tonight, but the

others are not after the changes. This first one just allows any structure to be built on a lot of this size. We have passed similar.

Ms. Bisbee says that reading through the minutes, the lot will not change. Originally, back in Willowick, that was the correct size for a single family home. Ordinances have changed. Again, that was a lot back then. There are houses in that area built on a lot the same size.

Ms. Koudela says she was going to read the email, but since it was sent to everyone she assumes they have read it. She asks the Council Clerk to attach it to the minutes for the meeting. The first variance is for the sq. footage. The rest are related to the set back. From the initial proposal, she agrees with BZA that it is way too close. There is no way to maintain the property properly with the amounts requested. She does not favor those variances. Also the applicant has said that he is submitting the new plan that according to him, meets the requirements, but we still don't know what the house is going to look like. The original plan for the house does not meet the aesthetics for the street. That street is narrow and in her opinion, having this tall house over there, is not the right thing for that neighborhood. Also in the minutes, one of the neighbors was there and opposed. We should take that into consideration as well. If the plan has changed, those other 4 variances don't apply anymore. It is also her understanding that Sean has not reviewed the official plan yet. She doesn't know if we have all the information to make a decision. Mr. McFarland is right that the one about building anything on this lot is up for tonight. She does not feel comfortable approving that without knowing what they want to build.

Ms. Antosh says she would like to know if they bought this several years ago and they moved and it's been vacant, have they approached the neighbors about possibly purchasing this?

Ms. Koudela says she did have a conversation with Zack Miller about this. Property owner is a friend of a friend of Mr. Miller and the builder. She believes the plan is that they will build this house and then it will go up for sale. Not explicitly said, but this is her understanding.

Ms. Antosh says they did have it up for sale in August 2022-2023 for \$30,000. That was during covid times.

Mr. McFarland asks if we were to not pass this first variance, and there are substantial changes to the physical building, would they be able to go back to BZA or wait those 6 months?

Sean says they would have to go back to BZA.

Clarification that they would not have to wait 6 months.

Mr. McFarland says the best way to make sure BZA still has a fair amount to review this project, if we fail them all, it would go back to BZA. It's important to know what is going on that property.

Ms. Koudela says another option would be to table all 5 of these until Sean has an opportunity to review the plans and see if the applicant needs any additional variances depending on the plan.

Ms. Koudela asks if tabling is the better option?

Law Director Gwartz says that to make an informed decision, they need more information. There will always need to be a variance for a dwelling to be built on that lot, but it sounds like the decision on that is based a lot on what is going to be built. She thinks that tabling it or voting no on everything is the best route because we need more information.

Law Director Gwartz says tabling is likely the better option. If it is as his email states, then the only variance he will need is about the square footage and Sean still needs time to review the plans that were submitted on Friday afternoon. That is the benefit of tabling it. The advantage of voting

no is that it would have to go through BZA again and see if it fits the neighborhood and give their input. From what she saw in the email, she thinks it is fairly similar including height. She is not sure if BZA's input will have a lot from what the email indicates.

Mr. McFarland thinks that tabling the first variance is the best way to go, but the current set backs on the other variances are not going to get approved ever so no need to table those. He feels we should just vote on those and table the first one.

Ms. Antosh says we should just vote on all of these and clear them so we can start fresh with the new design and he has to go back through BZA.

**REPORTS & COMMUNICATIONS FROM THE MAYOR/SAFETY DIRECTOR**

Mayor Vanni thanks dispatch, police, service, and fire department for their hard work while the power was out for a few hours. All the help they gave getting the word out and getting the community center open. Update on youtube. There are two things you can do, set up a gmail account and it's free and you can live stream them. To Council President Koudela's point at the last meeting and former Mayor Regovich with the Ethernet line were not possible with the age of this building. He is going to come back and propose when we have more cost information. We would record it and then upload it. It would be uploaded to the website that night. Youtube keeps it on the channel for a long time. It looks like the cost will be minimal and it is not a retention issue.

Law Director Gwartz says we just need a retention schedule.

Mayor Vanni says more to come on that. He, Tim, and Todd sat in on the state capital budget meeting last Friday. There will be legislation coming for the next Council Meeting where we can apply for capital funding for the parking lot. We are cautiously optimistic. We are going to start that process. Application must be in by March 12. They're a little behind this year starting the process. He did request an executive session this evening. He hopes to see everyone at the Gold Star Fundraiser this Sunday at Willowick Lounge. The MOU is on the agenda.

**COUNCIL DISCUSSION OF THE MAYOR'S REPORT**

Mr. McFarland thanks the Mayor and Todd and Goran in looking into the live streaming or recording and uploading. It is time to move Council procedures into the modern era. He thinks getting the videos out to the people is what we care about. He thanks everyone for pushing for this.

Mr. Malta says that Joe Sackas went with streaming or live streaming the Council Meetings. There was money spent that they didn't have to. Check with him and ask him the pluses and minuses on cost.

Mayor Vanni says they did talk about that, but he thinks they do livestreaming.

**GENERAL COMMUNICATIONS & REPORTS – Directors & Officials**

**Service Director** – Todd Shannon- absent

**Recreation Director** – Julie Kless- absent

**City Engineer** – Tim McLaughlin

Submitted his report. There are two items on the agenda tonight. One is a change order which is extending the limits of what we are doing with funding. No change to the budget in that regard. Second is for construction related services for the parking lot. We are going to try to apply for additional funding. Before the next Council Meeting, he would like a streets, sidewalks, and sewers meeting. There are some items to review and discuss for upcoming projects.

Ms. Bisbee will try to speak to Mr. Mohorcic and the Engineer to set something up.

Finance Director – Goran Vrhovac

During the budget meetings he sent out an email to the directors about equipment for the 5 year plan. There are a few items on the agenda, open for questions.

Law Director – Mandy Gwartz

No formal report, but open for questions.

Police Chief – Rob Daubenmire

No report, but open for questions.

Fire Chief – Bill Malovrh

No report, but open for questions.

Chief Housing/Zoning Inspector – Sean Brennan

No formal report, but two things on the agenda. ORD 2026-8 in regards to permit fees and ORD 2026-9 in regards to our Ordinance for cleaning up litter on property for having it done a little sooner.

Ms. Bisbee asks about one of the permit cost changes. The one on pg. 39, #7 the City Sidewalks permit required. Can you explain?

Mr. Brennan says when the City has to issue a permit, we have to go out a few times to do inspections. For us to go out there at least 2-3 times depending on if something wasn't right or a final inspection, that covers fuel and time.

Ms. Bisbee asks if that is the walkways in front of someone's house?

Mr. Brennan says service walks are usually from door to driveway. Sidewalks are in front.

Ms. Antosh says that #8 says sidewalks \$25 as well as #5. They went up to \$25.

He reviews the rates on the Ordinance. He says it is the same thing, but it is the way that they wrote the Ordinance back then. It's just \$25, not doubled.

## WARD MATTERS

Mr. McFarland brings up fireworks. This is America's 250<sup>th</sup> and Willowick's 200<sup>th</sup>. We prohibit fireworks within the City. He requests we refer to how the State has it instead. There are requirements that limit where they can go off to begin with. They have a 150' and private property requirement. He has spoken to many residents about this. He requests that the Law Director prepare legislation for this for the next meeting. He requests that residents email, call, and attend meetings to express their opinions on this. He has spoken to the Police and Fire Chiefs and they don't feel that it is overly burdensome.

Ms. Koudela asks if the two Chiefs could come up with information for their department stances on this topic. We will have this on three readings.

Law Director Gwirtz asks if the legislation should mirror the state code at this time.

Mr. McFarland says yes unless Police or Fire Chief have anything else they'd like to add.

Mr. Malta has a resident that wants for Johnny to take a look at the light at Willowick Drive and 305. It stays red and doesn't just blink caution. He gets stopped for a while. He told him he would bring it up.

Ms. Koudela says she will send Todd an email about that.

#### **PUBLIC PARTICIPATION**

*a) Public statement (1 minute maximum)*

*b) Council response to the public*

*c) Public clarification (30 seconds to 1 minute for the purpose of restating or rearticulating an original question, concern, suggestion or idea)*

Jean Bowen, 472 E 319<sup>th</sup>, is curious about where the mammoth house is supposed to be getting built on a postage sized lot? The other thing is speaking of lights... Light at 317 and Vine is obnoxious. The light didn't change for 6 minutes. The one by Pie Cafe. They had to go out and around because the light would not change. 317 side, not Vine side.

Ms. Koudela says the house variance requests were for an empty lot of 316<sup>th</sup> St. North of Lakeshore. She brought that light up to Todd at the last meeting also. He thought maybe the camera sensor was dirty. She will send him an email on that one as well. He was going to check it out soon.

#### **REPORTS OF STANDING COMMITTEES**

**Finance** – Bisbee, Mohorcic, Antosh

**Safety** – Phares, Malta, McFarland

**Mr. Phares requests a Safety Committee Meeting at 5:45 p.m. on March 3<sup>rd</sup>.**

12. ORDINANCE NO. 2026- 9:

AN ORDINANCE AMENDING CHAPTER 961 OF THE CODIFIED ORDINANCES OF THE CITY OF WILLOWICK, OHIO, TITLED "NOXIOUS WEEDS AND LITTER;" SPECIFICALLY, AMENDING SECTION 961.03, TITLED "WRITTEN NOTICE TO DESTROY WEEDS, REMOVE LITTER" AND DECLARING AN EMERGENCY.

**MOTION: Ms. Antosh motions to suspend the rule requiring separate readings and readings in full. Mr. McFarland second.**

**ROLL CALL: Ms. Koudela, yea. Ms. Antosh, yea. Ms. Bisbee, yea. Mr. Phares, yea. Mr. Malta, yea. Mr. McFarland, yea.**

**Mr. Malta says Sean does a great job beautifying the City. The tall weeds look bad for the City, but the guys are always on top of it.**

**Ms. Antosh asks why is a vacant property a longer response now when they were the same? Vacant is 10 and occupied is 5.**

**He says the reason they made a change to 961 is there is a section that talks about vacant and a section when they're out of the City. Example on grass is that it is 5 days. When it comes**

to litter it is 14 days. This is likely because of mail and needing extra time to notify the people.

Law Director Gwartz says it is says vacant lot, not necessary with an assigned address.

**MOTION:** Ms. Antosh motions to approve. Mr. Malta second.

**ROLL CALL:** Ms. Koudela, yea. Ms. Antosh, yea. Ms. Bisbee, yea. Mr. Phares, yea. Mr. Malta, yea. Mr. McFarland, yea.

#### PUBLIC PARTICIPATION

*a) Public statement (1 minute maximum)*

*b) Council response to the public*

*c) Public clarification (30 seconds to 1 minute for the purpose of restating or rearticulating an original question, concern, suggestion or idea)*

Owen Engle thanks Council for approving to enter into the MOU. He also brings an update. We are at 71% of our fundraising goal of \$125,000. We are expecting to get the granite for the monument shipped in about a month or so. It was ordered last June from India. We are expected to be done paying for that in May. Hopefully an install day in August/September.

Ms. Koudela thanks them for being here tonight and good work. She is looking forward to it. She calls for additional comments before Executive Session.

Mr. Malta says Hearts and Hammers was great. He commends Natalie Antosh for her work crossing Ts and dotting Is. We were sold out because of her. He wants people to know that it is always the first Saturday in February. We will never give that day away. 324 people, it was a great event. Great job Natalie and staff. Plan to go next year. You can call Natalie in June and she will

put you on the list. The other thing, Gold Star did this basket fundraiser almost a year ago in July. It was excellent. He expects the same thing this Sunday. The event is free, just buy tickets for the baskets. It is well planned out. Good job to them. He hopes you can make it and would love to see you there. Go home tonight and promote it on facebook to share the word and get more people there. What is neat about that restaurant is that you walk in and see all the service in the U.S. It makes you feel good. You'll probably go back to that restaurant after.

**INTO EXECUTIVE SESSION**

16. An Executive Session to discuss imminent court action with the Law Director, City Engineer and Housing and Zoning Director.

Ms. Koudela calls for a motion to adjourn into Executive Session at 7:23 p.m.

MOTION: Ms. Antosh to adjourn. Ms. Bisbee second.

ROLL CALL: Ms. Koudela, yea. Ms. Antosh, yea. Ms. Bisbee, yea. Mr. Phares, yea. Mr. Malta, yea. Mr. McFarland, yea.
