

**Great Lakes Crushing, LTD**  
Established 1996

---

Dear Residents,

This notice is to inform you of a temporary change to trash collection procedures during the upcoming construction period.

From May 4, 2026, through June 3, 2026, trash pickup will occur at 6:00 a.m. To ensure collection is not disrupted, please place your trash containers next to the construction barrels located near the center of the roadway rather than at your curb.

After your containers are emptied, GLC workers will return them to your curb.

Thank you for your cooperation and patience during this work.

Sincerely, Your Construction Team
