Willowick Senior Center Members,

After consulting with the Lake County General Health District along with the Administration, we have decided for the safety of all of our seniors to keep the Center closed for the remainder of 2020.

With senior's being the highest risk population, as well as entering into the flu season, the decision to close was made to ensure the safety and wellbeing of all of our members.

During the closure we will continue to work with the Lake County Health District to develop a plan within the State Guidelines, working on proper testing procedures and protocol, staff training, ECT., for a safe re-opening of our Senior Center. We are also working on remote as well as other programming options for our members.

I know that these have been very difficult times for us all. I hope that everyone is doing well and staying safe. Please feel free to contact me at jkless@cityofwillowick.com or 440-516-3011, if you have any questions or if there is anything we can help you with. Have a safe and Happy Holiday.

Best Wishes,

Director of Recreation
